Gmail's just upgraded to 3.22 and I know that many more users will be not too happy with this and I bet that they will be making Gmail 3.24 complaint. A: Gmail users will not be able to downgrade to 3.22, but with a little bit of work they can make it the way they would like it. I personally have a (sadly unofficial) tutorial on the subject, and I know at least 1 other personal that had the same experience with 3.23. It's good to meet you! The next time I will discuss with you about that travel background. For now, if it is 09e8f5149f
